

eLearning - Course Content Template

Log into myRedDragon and click on Faculty Online. Click on eLearning and then click on the room you need to add the course content template too.

Click on Page Options on the right of the page.

Your location: **Home Page**

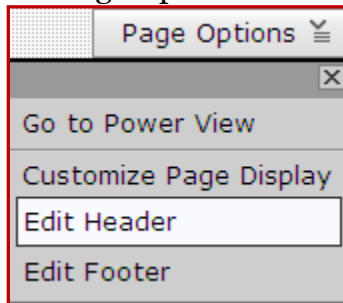

Add File **Create Folder** **Add Content Link** **Page Options**

Adding Files
You can create files or add existing files on your computer, such as lecture notes and slide shows, to your course. To create or add files, click the **Add File** button.

Creating Folders
You can create folders and use them to organize your content and files. To create folders, click the **Create Folder** button.

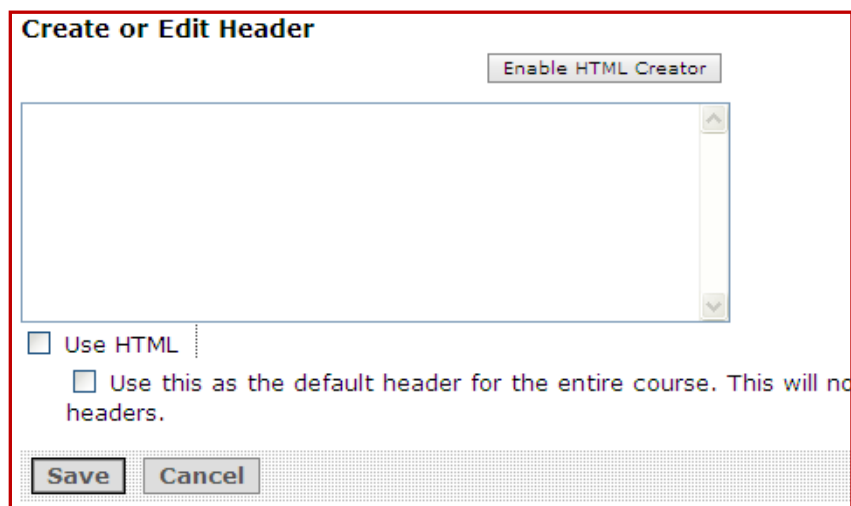

Adding Content Links
You can add links to content in other course tools. This allows users to access a variety of content from this location. To add links, click the **Add Content Links** button.

After you click on Page Options click on Edit Header:

Page Options

- Go to Power View
- Customize Page Display
- Edit Header**
- Edit Footer

Create or Edit Header Enable HTML Creator

Use HTML

Use this as the default header for the entire course. This will no headers.

Save **Cancel**

eLearning - Course Content Template

You will then need to get the HTML code for the template; it can be found here:

<http://www.cortland.edu/elearning/design.html>

You will need to select all of the HTML information and then copy. Return to your eLearning room and paste the HTML code into the Header box.

Please make sure you check the box next to Use HTML and click on Save.

Create or Edit Header Enable

```
<!-- START COPYING HERE -->  
  
<!-- CE 8 -->  
<script language="JavaScript">  
  
<!-- START CUSTOMIZATION EDITS HERE -->
```

Use HTML
 Use this as the default header for the e headers.

Save Cancel

You can make edits to the code by following the directions located here:

<http://www.cortland.edu/elearning/design.html>
