eLearning – Copy Content

**Please NOTE...if you select the wrong room then you will need to have the course reset so you can copy content again

Now the system will bring all the content over to the new room.
You will receive confirmation

Congratulations!

Course Tools
Course tools are all of the content, organizational, communication, and evaluation tools that you or another designer has added to the course menu. You use these tools to create content and learning activities. Section Instructors use these tools to present content and learning activities to Students. Students use these tools to view content perform learning activities.

Designer Tools
Designer tools allow you to build and customize the course, manage files, and control the availability of content.
To read information about getting started in the Learning System, click the **Help** link at the top of the screen.

Tutorials
To become familiar with the major areas of the Blackboard Learning System and how to navigate around them, see the [Exploring the Interface tutorial](#).
To learn the fundamentals of building a course in the Blackboard Learning System, see the [Design Basics tutorial](#).

Do not show me this page again.

Check the box next to: Do not show me this again and click on Done.

All your content was carried over from your previous course. Please note that you will need to go in and adjust due dates for quizzes/assignments/discussions and update your syllabus.
