A student may choose to do one placement for the full semester or two eight-week placements. If you choose to do one placement you need to contact two sites (first choice and a back up). **Call or visit each agency to learn what you would do as an intern. Obtain the name, address and telephone number of a contact person that the Fieldwork Coordinator can call to formally set up the internship arrangements.** If you wish to do two eight-week placements you need two first choices and two back up choices.  
*Some concentrations require fieldwork in approved concentration areas.*

*Agency choices in priority order*
